Know Your Imam

Ghaybah

Our Imam is in **ghaybah** which means no one can see him as Allah is keeping him safe from his enemies.

He will reappear whenever Allah wills him too

The least we can do is greet him daily by saying: "Assalamualaika yaa Imam azzaman"
Peace be on you, O the living Master.

Should we just wait and do nothing?

What should we do while Imam is in **ghaybah**?

We should remember him through reciting Duas and his hasby reappearance. One of the duas we should do is **Dua e Ahad**.

A believer should always try to be a good Muslim to hasten his reappearance while he or she is waiting for the Imam.

I always try to be a good Muslim because I want to join Imam Mahdi a.s. when he comes.

If he keeps a way from bad deeds, he will make Allah and Imam Mahdi a.s. happy. Only good Muslims will be able to join and help Imam Mahdi a.s. when he reappears.
